Encouraged public to be safety-wise and keep doors locked even when home.

4 Marijuana stores were raided, product was seized, those not raided will be served cease and desist orders.

Sail bay flotilla update: many lifeguard calls, police were proactive to enforce parties without permits, smoking, alcohol, boating laws, etc.

Introduced Capt Chris Ball. Capt Ball said a few words re the beat cops and establishing good relationships with the guys on the street.

Nomination committee for 2010, talk with Bob Ruane, Nancy Geller.

TOPICS: Andrew Voralik/Tom Locktefeld from Belmont Park. Discussed expiring leases and the need to expand add some businesses like juice bars, etc. Canes lease is out soon, Belmont is taking over the space for an open air restaurant concert venue.

Cori Stern spoke re: Expanding 24 hours at Santa Clara Point-Parking has been reduced. Thyme suggested that park and rec. would like the town council support before they will make changes. However, the point was made that park/rec. made the change (the reduction of spaces) without our input. Cori will attend the board meeting to discuss further.

Capt Z mentioned that citation can now be issued to RV's if they take up more than one spot.
